LAKE GENEVA GREENHOUSE / STUDIO

The owner of a Lake Geneva estate and accomplished artist, wanted to convert the use of her 100 year old greenhouse into a studio where she could paint undisturbed for hours.

Her favorite artist is Monet. We thought that it would be fun to try to replicate the feel of his studio. I tracked down two antique easels, tables, stools and wicker furniture of that period. The antique wicker was totally refurbished and freshly painted, and dirt floor replaced with bluestone

I used a tea stained linen cotton blend Fonthill Ltd fabric and freshened it with the occasional use of a small bright Pierre Frey (gold and raspberry) print.
